

Loma Linda University Children's Hospital — Charge Description Master

Loma Linda University Health | Reported under California HCAI requirements

About This Document

This is the Charge Description Master (CDM) for Loma Linda University Children's Hospital. The CDM lists each chargeable item or service, its internal reference ID, and its standard price. Standard charges are reported under California Health Care Access and Information (HCAI) requirements.

How to read the table:

- Reference ID — internal identifier used to associate the item or service with billing systems.
- Description — short description of the item or service.
- Price — standard charge in U.S. dollars.

Prices are the standard charge before any insurance, payer, or program-specific adjustment. Actual amounts billed may differ depending on coverage and circumstance.
