Thank you to: Mona Malakouti, Ingrid Wahjudi, Lindsay Goddard

Mona-Thank you for providing excellent care of your patients. It is a pleasure to sit next to you and witness your meaningful care of your patients. You never deny calling a patient in need, and provide incredible access. Ingrid-you are encouraging and a breath of fresh air. I appreciate your sense of reason in all things. Lindsey-you are talented in so many ways and have a very sought-after fellowship-congrats! Your spirit is bring and your patients are lucky to have you. To the three of you, it has been a blessing to confer from a medical perspective and laugh (and cry) on a personal level over the past year. I can't wait to see where your careers take you!

Thank you to: General Surgery Residents

I have been asked to submit a thank you note to a resident but it is impossible for me to do so because i want to thank ALL of you in general surgery for the wonderful work you do. Most importantly, i do not believe i can do what i do without your help/support. In addition, it is unfair to say i am teaching you because i benefit the most from you. I learn more from each of you than what I can actually teach you. Thank you all for your continued support and passion for surgery.

Thank you to: Ob/Gyn Residents

Hello everyone, I just wanted to take a moment to say thank you for all you do to support our students. I truly appreciate your patience and expertise in teaching/training them while they are on service with us. I receive positive feedback when they express excitement that their resident treats them like part of the team and values their presence/participation. Plus, all the Redbook sign-offs, skills log sign-offs, and evaluations require additional time to actual patient care, and I know time is a precious resource. So I want to say thank you to each and every one of you. You all make a difference and I appreciate you. Warmly, Eileen, Ob/Gyn student program coordinator

Thank you to: ENT Residents

You are an amazing group of individuals! Thank you for inspiring and encouraging me to choose ENT, for volunteering your advice regarding research, applying, away rotations, and interviews, and for being positive role models. You are make a significant difference, not only in patients' lives every day but also in the lives of students like me -- thank you!
