

Take a Tour of MyChart

Switch Accounts

If you are a proxy holder and have permission to view another person's MyChart account, easily switch to their account by clicking their name.

Health

View your medical record, including test results, current issues, medications, immunizations and allergies. View and download your care plans.

• View Test Results

Blood work and other test results are posted under the Health section to be viewed at any time. Graph past results to compare over time.

• Connect and Share Your Records

Link your account to other organizations that use MyChart's Care Everywhere feature. Grant one-time, online access to the health information that you see in MyChart.

• Medical Tools

Review your visit records, request and retrieve medical records and review who last accessed them.

To Do

Review your action items, like overdue tests, vaccines and preventive visits. View your upcoming and past appointments. You can also easily request an appointment for outstanding to-do's.

Appointments and Visits

Review all upcoming and past appointments, including your After Visit Summary and provider notes. You can also request a new appointment with one of your providers and request to be added to the waitlist to get an appointment sooner.

• eCheck-in

Save time by beginning the check-in process online, three days before an appointment, by confirming contact info, filling out questionnaires and more.

Messages

View all of your sent and received messages in the Message Center. You can also send a non-urgent message to your care team, requesting a prescription renewal or an appointment follow-up.

- Request prescription renewals online, no need to call the office.
- Review, download and store any letters sent from your doctor's office.

Profile

Update your address, phone number and insurance information under Personalize. Reset your MyChart password or update security questions under Account Settings.

• Family Access Settings

View and manage who has permission to view and access your MyChart account (also known as proxy access).

• Communications

Choose your preferred methods for MyChart communications and alerts.

Care Team

View your Care Team and click on your provider's name to easily send a message or request an appointment.
